

SCENARIO 3

Meeting with Kaley's School:

- She is a good kid, tries really hard, gets along well with others but had attendance problems when she was with mom and would either come in late, be very emotional, or not come at all.
- Hard to assess her needs when she was gone so much
- Did try to set up an RTI meeting but mom failed to follow through
- Will set up a meeting now with Grandma and team

Meeting with Mom:

- Wants to get her life back together, knows she needs help with her drinking – does it to help her relax, can't sleep because she is always worried.
- Has good work experience, just needs to place to stay
- Gets along well with Denise and her family but wants nothing to do with Carlos.
- Has a good friend that lives in town, they went to school together, may see if they could be roommates (gives contact info so GAL can check into her)
- Really wants to see the kids, thinks that Kaley can handle it. Isn't sure about Abe but is afraid he will forget her.
- Says that her Aunt in Oklahoma will send her money and help her out. Doesn't want to move there as it would take Kaley from her family. Is not a member of the tribe, her Aunt married a member and took his name
- Says that Abe had a babysitter that may be a good support.
- Loves the idea of Abe being with Denise and Kaley

Phone Call with Dad:

- Wants to restart a relationship with his daughter but understands that she is angry.
- Didn't turn himself in yet because he needs one more paycheck before he goes to jail. Will take care of it next week.
- Says he finished probation and all treatment for DV, says his attorney has the documentation and will provide it.
- Denies the need for more DV treatment but says that he felt the Father's group was helpful.
- Is willing to do a UA – says he hasn't touched the stuff since he got out of jail and moved to Pueblo.
- Had a fiancé now – been with her two years. They live together with her son who is 5. No trouble with the law or the relationship since he has been in Pueblo.
- Says his mom is a good place for kids. He doesn't visit her because he doesn't want to cause problems.
